

METALLICS

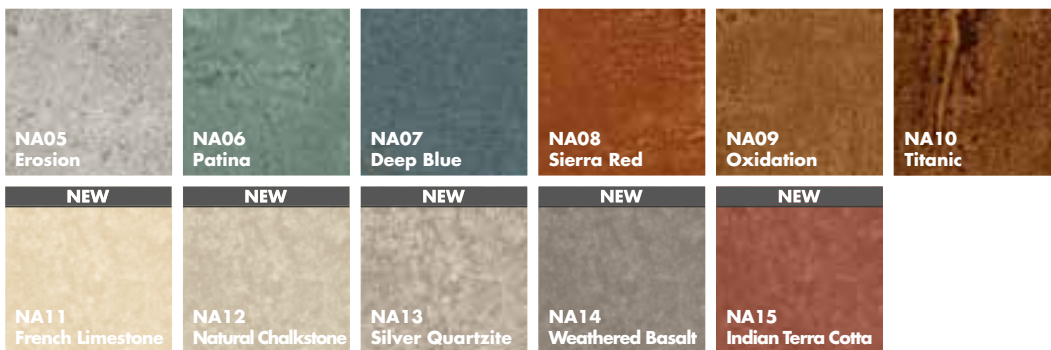

Trespa® Meeon® Metallics panels feature a directional colored surface.

WOOD DECORS

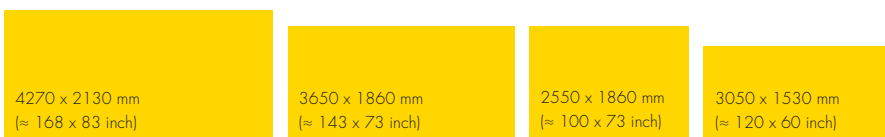

Trespa® Meeon® Wood Decors panels feature a directional colored surface. The grain of Trespa® Meeon® Wood Decors runs the length direction of the panel.

NATURALS

Trespa® Meeon® Naturals panels feature a directional colored surface.

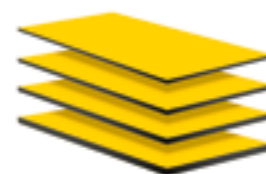

SIZES

The large size of this panel allows an efficient machining of the product.

Note: Full size panels feature a squareness tolerance. Please check trespa.info for the detailed and up to date Delivery Program and Material Property Datasheet.
